The QUALITY POLICY

of

PULTRANS Vasúti Szállítványozási Kft

It is our objective to deploy our railway forwarding and wagon leasing activities at a high level and to continuously develop them in order to maintain our current partners and to be able to acquire new tasks and new clients.

During our work, we maintain a risk-based approach and endeavour to create long-term relations with our partners, based on mutual economic benefits.

The basic principle of our operation is Safety without compromise. In accordance with this principle we operate an ECM system as a certified Entity in Charge of Maintenance according to EU regulation 445/2011.

In addition to optimal utilisation, the continuous maintenance of good technical condition of the wagon park managed by our Company, we place high priority on our level of service, the fulfilment of requirements and increasing reliability.

In order to achieve our quality insurance objectives, we created and introduced an internationally recognised quality management system in complying with the requirements of standard ISO 9001:2000, in order to continually maintain and further strengthen confidence toward us at both domestic and international markets. Our ISO system is the guarantee of our reliability and continuous level of improvement of our work.

The management is devoted to quality development. The accuracy and conformity to the provisions of ISO 9001:2015 standard and of internal instructions elaborated based on the standard, the continuous improvement of quality management system constitute the basic task of each of our staff members.

Our slogan:

ACCURACY - SAFETY!
